MEDICINAL.

HOW TO WIN A HUSBAND.

Woman's sphere in this 20th century is not limited any more than man's. She can occupy almost any business position or profession, and yet the popular view of womanhood is that she best fits the position of wife and mother and head of the household. Every girl should know her heart and also know that her womanly system is equal to the strain of marriage. If a girl is nervous and irritable she chances to one it is due to some trouble peculiar to womanhood.

Cupid has no place in a girl's heart if she is nervous and irritable, feels dragged down, worn out for no reason that she can think of. The weak back, dizzy spells and black circles about the eyes are only symptoms. Go to the source of the trouble and correct the irregularity. Stop the drains on the womanly system and the other symptoms will disappear. This can be done easily and intelligently. So sure of it is the World's Dispensary Medical Association, the proprietors of Dr. Pierce's Favorite Prescription, that they offer \$500 reward for women who cannot be cured of leucorrhea, female weakness, prolapsus, or falling of the womb. All they ask is a fair and reasonable trial of their means of cure.

"After a confinement I gained no strength," writes a lady of Sweetwater, Ala. "Even when my baby was a month old I could hardly do any work. I didn't know what to call the disease. I had a weak feeling in the pit of my stomach, felt miserable all over. I was sick three months and a lady friend told me to try Dr. Pierce's Favorite Prescription as it had done her so much good. I did so, and after taking three bottles was cured. This was about five years ago and I have had no return of the disease. Am very thankful for the remedy. I cannot praise your favorite prescription enough. It is a wonderful medicine for women." Dr. Pierce's Pills are gently laxative.

CHARGES AGAINST DENTIST.

Dr. Edward B. Dawson, a well-known young Baltimore dentist, who had offices at 1822 north Charles street and at Forest Park, where he resided on Fairview avenue, near Garrison avenue, was indicted yesterday by the grand jury on four charges of felonious assault, alleged to have been committed upon four inmates of the Kelso Home, at Forest Park, a Methodist Episcopal institution established for the purpose of teaching orphan girls to support themselves. He is now a fugitive from justice and the police of every eastern city have been searching for him since early yesterday morning.

Not one of the four girls mentioned in the charges is over 13 years old. It is stated by the manager of the home that about 15 girls, none over 13 years, and many as young as 9 years, have been treated in a similar manner by the dentist, who was employed to do all the work in his professional line for the institution.

The four victims upon whom an actual assault is said to have been committed are: Florence Walton, India Bond, Ruth Landers and Minnie Cole. The indictments charge that the assaults were committed on March 15, October 15, October 29 and November 8, of this year, respectively. Only the four names have been given to the police, and the State's attorney, and the president of the home, Mr. James E. Hooper, stated that the names of the other victims would not be made public until a court and jury decided that all of the witnesses would be needed to convict the fugitive, if caught.

Dawson left Baltimore Saturday morning. His house in Forest Park is closed and his wife is stopping with her mother, Mrs. Mary Macher, on Springdale avenue, near Garrison avenue. The wife and her mother know nothing of the young man's movements after he left the city, but the police have succeeded in following out a few clues and are sanguine of success in making the capture.

The manner in which the story of the alleged actions of the dentist leaked out was peculiar, for all of the girls were terrorized, they stated, by Dawson, who threatened to kill them if they revealed to anyone what he had done. He is charged with having started his alleged atrocious work early in March last, and the Cole child is said to have been his last victim, which would indicate that his actions cover a period of about eight months.

It seems remarkable that none of the 15 victims divulged what had transpired until such a length of time had elapsed. The superintendent of the home, Miss Weaver, did not know anything about the matter until last Saturday, when two of the girls told her. Then an investigation followed, and, after Miss Weaver had spoken to the girls, she ascertained the full extent of the dentist's actions. It was then too late to take action that day, and Dawson, who in the meantime had received a warning, left the city without further delay.

Paralyzed by Hazards.

The brutal hazing of Albert T. De Rome, a student at the Mark Hopkins Institute of Art in San Francisco, is the sensation of the moment. All cruelties practiced at other hazings pale in comparison with those to which De Rome was subjected. The perpetrators are to be at once brought to criminal trial. De Rome is paralyzed from the hips down, and he supports himself with a cane as he drags his feet along. His injuries are probably permanent. The students call the torture to which De Rome was subjected the "muscle dance," and the effect was produced by shocking the victim with electricity. The fun consisted in watching the involuntary twitching of the muscles under the violent electric impulse. The hazing was in a musty, vile-smelling attic on Clay street. The "muscle dance" was resorted to only after the lad had refused to take certain obscene vows, and when all other methods ordinarily used in college hazing had been vainly exhausted.

De Rome, after a terrible beating, was stripped and bound naked to a chair with a metal seat—a chair in imitation of the electrocution instrument. His body was fly-pierced and palmed. Queer masks were put upon him. He was made ridiculous. His tormentors laughed in savage glee.

Then the electric current was turned on the chair. The shock caused De Rome to writhe. As the victim's legs quivered and kicked convulsively shrieks of merriment came from the inquisitors. When the mirth was at its height it was suddenly suspected that the boy was avoiding contact with the disks. He had ceased to writhe.

Then, to make certain that he should not escape the full force of the electricity, De Rome was tightly strapped down to the seat and the current was repeatedly turned on again. The cruel ordeal lasted for two hours and a half.

De Rome said that after the two first hours he ceased to feel the pain, and his legs worked under the deadly current, with the automatic movement seen in the limbs of a dead frog when touched with the two poles of an electric battery for anatomical experiments.

On another occasion the students

stripped Byron Ware, bound him hand and foot, and threw him in among the young women of the life class. The girls tossed him out again.

Then his tormentors painted him, flayed him, masked his face and left him, still nude, bound to a chair, just outside the studio of the girl students. Finally the girls came out and released him.

Work of the Mafia.

As a result of the efforts of the better class of Italians in and around Carbon-dale, Pa., to rid their colonies of the members of a lawless gang who have been committing many outrages, a street battle occurred at that place last night, which was attended with the loss of two lives and the wounding of one man.

At 8 o'clock last night Santo Carresi, one of the gang, was caught by a constable in the act of holding up and levying tribute on one of the Italians of the colony. The constable and three of the law and order men started to take Carresi to jail. Word was quickly passed to the gang's headquarters in a nearby saloon, and four of them rushed out and opened fire on the constable and his posse. The latter returned the fire. When the attacking party emptied their revolvers they fled, leaving all three of the constable's escort lying in the road with bullets in their bodies. The constable protected himself by holding his prisoner in front of him.

Joseph Tolero was shot through the head and heart, and died in a few minutes. Frank Ferreri was taken to the Emergency Hospital with a bullet in his breast near the heart and another in the abdomen. He died at midnight. The third victim received a bullet in the arm, and after recovering from the shock was able to walk home. No trace has been found of the fugitive assailants up to a late hour last night.

It is believed the gang is affiliated with the Mafia or some other like organization, as part of the tribute money is sent to a headquarters in New York, according to the statements made by members of the gang when levying tribute.

Among the outrages recently perpetrated was the knifing of four men who refused to pay the tribute. In each instance the victim was called out of his house late at night and slashed across the face. Arrests have been made from time to time by the Carbon-dale police, but in every case the parties who privately gave the information which led to the arrest could not be induced to testify in public, so fearful were they of the gang.

Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner, of Pennsylvania, Pa. "They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 50c a box. E. S. Leadbeater & Sons' Drug Store."

Only Makes a Bad Matter Worse.

Perhaps you have never thought of it but the fact must be apparent to every one that constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old-fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effects, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by Gibson & Timberman and W. F. Creighton & Co., druggists.

A Good Complexion.

"Sparkling eyes and rosy cheeks restored by using DeWitt's Little Early Risers," so writes S. P. Moore, of Nacogdoches, Tex. "A certain cure for nervousness, constipation, etc. Small pill—easy to take—easy to act. Sold by all druggists."

Catarrh and Hay Fever.

Liquid Cream Balm is becoming quite as popular in many localities as Ely's Cream Balm solid. It is prepared for use in atomizers, and is highly prized by those who have been accustomed to call upon physicians for such a treatment. Many physicians are using it, prescribing it. All the medicinal properties of the celebrated Cream Balm are contained in the Liquid form, which is 25 cts. including a spraying tube. All druggists, or by mail, Ely Brothers, 56 Warren St., New York.
